Ashley Jones
HSC Band 6 Legal Studies
Traineeship at Upper Hunter Shire Council

Luke Malone
Macquarie Uni

Lachlan Eccles
HSC Band 6 Math 2 Unit
Engineering at Macquarie Uni

Tom Guihot
English History Teaching at Macquarie Uni

Small School - Big Achievements

The Scone High School community is once again celebrating the brilliant achievements of their HSC class of 2010.

Three students received an Australian Tertiary Admission Rank (ATAR) over 95, two of these students were the top two marks in the Upper Hunter.

Jake Reddie was Scone High School’s top student with a mark of 98.15.

Tom Doyle received a mark of 96.7, Lauren Godde also performed amazingly with a mark of 98.15.

42 students in the school sat their HSC, of those 21 chose to receive ATAR, out of those 21 students a total of 20 are going on to further their education at a university of their choice.

School Principal Lindy Hunt said the state averages about 30% of students that go on to university, Scone’s average is about 50 per cent.

"This group of students was particularly good, they worked hard right throughout their schooling and the results show that," she said.

"The school is not selective, we accept anyone and we're very proud to be a part of such a great school community." Nine band 6s were achieved and a massive 38 band 5s made the class of 2010 one of the most successful the school has ever seen.

"Part of the reason students do so well is their relationship with the senior teachers, who put a lot of time and effort into ensuring the students do their absolute best. "That reflects on the kind of school community we have here at Scone High School."
